VENETIAN BLIND SYSTEMS

VENETIAN BLINDS

Slimline™ Venetian blind systems offer customers a choice between standard slats and **Privasee®** slats. The **Privasee®** slats are designed to look beautiful from any angle and are especially effective at minimizing light penetration. This is achieved through a unique crimping technique, exclusive to Uniline, that ensures a tighter finish when the slats are closed. This feature is particularly beneficial for bedrooms where darkness is essential.

As the name suggests, **Privasee®** slats provide complete privacy in both home and office settings. Additionally, they offer excellent sun protection, reducing heat and glare, which can result in lower energy bills during the summer. Moreover, the blinds contribute to room insulation, keeping spaces warmer during the winter.

The **Slimline™** Double glazed venetian blinds systems offer several benefits, including: Improved Insulation, Noise Reduction and are more Energy Efficient. With the option to choose between Standard Control Knobs and Anti-ligature Control Knobs allows customers to tailor the blinds' control system based on their specific needs and the intended application environment.

WHY SLIMLINE SYSTEM STAND OUT

The combination of innovative features, energy efficiency, and versatility makes **Slimline™** Venetian blinds stand out as an excellent choice for those seeking the perfect balance between light control, privacy, and aesthetics for their windows.

STANDARD OPERATION

Slimline™ Venetian Blinds has a simple tilt wand and chord operation .

DOUBLE GLAZED OPERATION

Slimline™ double glazing system are operated with control knobs, a simple turn you can control the light penetration with ease.

SLATS

Slimline™ Slats come in 25mm with the option of **Privasee®** Slats using our exclusive Uniline crimping tool.

THE TECHNOLOGY BEHIND SLIMLINE™ VENETIAN BLINDS

HEAD RAIL • BOTTOM RAIL • PRIVASEE® SLATS • CONTROL KNOBS

SLIMLINE VENETIAN SYSTEMS • SLIMLINE DOUBLE GLAZED VENETIAN SYSTEMS

Slimline Venetian blind systems let you have the choice between standard slats or **Privasee®** slats. **Privasee®** slats look beautiful from any angle and are the market leader when it comes to minimising light penetration. The secret lies in the way the slats are crimped, a technique exclusive to Uniline, to ensure a tighter finish when closed – a must in bedrooms where darkness is key. And just as the name implies, **Privasee®** slats delivers complete privacy on the home front, or in the office for that matter, as well as excellent sun protection.

The reduced heat and glare has the added bonus of reducing your energy bills in summer, and the blinds will also help insulate rooms for a warmer winter. Tilt the blades to obscure or reveal an outside view or lift them up and away to enjoy a clear, unobstructed outlook.

Notes

UNILINE GENERAL WARRANTY DOCUMENT

Uniline Australia "Uniline" warrants that its window covering materials (fabrics) and components listed below will be free from defects in materials and workmanship for the stated periods from the date of purchase, subject to the provisions of this warranty, provided they were purchased after 1st January 2019 and were:

1. Supplied by Uniline Australia; and
2. Manufactured by an accredited Uniline Manufacturer; and
3. Sold by an accredited Uniline Reseller; and
4. Professionally installed by an accredited Uniline Installer and according to Uniline installation standard procedures; and
5. The entire system supplied to the consumer is a Uniline system and not parts thereof.

This warranty is limited to the repair or replacement of the defective materials and components. Repairs will be made with like or similar parts. Uniline reserves the right to discharge its obligations under this warranty by refunding the original purchase price of the defective materials or components.

Uniline reserve the right to separate the warranty, into the following four (4) categories:

1. * Hardware Component Systems – (5 Years) - A Uniline window furnishing will be made up of a number of hardware components, known as a system. Uniline reserves the right to refuse any warranty if parts of the system are not made up of genuine Uniline components.
2. Uniline Window Covering Materials (Fabrics) – (5 to 10 Years) - Uniline will warrant any window covering material which is manufactured or supplied by Uniline Australia limited for the stated warranty period.
3. Uniline accredited Motorisation – Uniline will warrant any gearing mechanism or motorisation mechanism which has been supplied, tested and accredited by Uniline. These include:
 - a. UniGlide Motors AC – (5 Years)
 - b. UniGlide Motor DC – (3 Years)

If a consumer chooses to select only part of the Uniline system, but chooses another supplier's fabric, Uniline will warrant the Uniline part of the system under the standard warranty conditions of that particular part.

This Warranty Excludes:

Any condition or damage relating to, or resulting from, accidents, alterations, discolouration or fading over time, misuse, abuse, normal wear and tear, removal and/or reinstallation, failure to follow the installation or use instructions of Uniline, or force majeure including, without limitation, storm, fire, floods, cyclone's, standing water, explosions, earthquakes, vandalism, riots, acts of war, pollutants, acts of God or other occurrences beyond the control of Uniline. New line installations subject to salt spray or marine influences, severe industrial or corrosive environments or internal situations subject to moisture laden air. Shipping charges and costs for removing, disassembling, reassembling and reinstalling the materials or components.

Special Conditions*

100% Uniline supplied components includes tubes, gearboxes, drive adapters, motor adapters, idle ends, pivot plate and pins, splines and any other specific components that are sold by Uniline. All methods, allowances and specifications must follow the information provided in the manufacturing and installations guides as provided by Uniline. All sizes and installations must fall within the guidelines provided by the product specification document. Failure to adhere to any of the above clauses will result in the voiding of all warranties.

Interpretation

This warranty shall be interpreted and applied subject to the operation of any statute applicable in Australia, the terms of which cannot be excluded by the parties, including (if applicable) relevant provisions of the Trade Practices Amendment (Australian Consumer Law) Act (No. 1) 2010 and similar State legislation. With the exception of the matters outlined in this document, all other implied terms, warranties, conditions and consequences are excluded.

Warranty Claims

Warranty claims must be made as soon as possible after discovery of the defect and, in any event, within the warranty period. Warranty claims must be accompanied by proof of payment of the full purchase price by the original purchaser.

Warranty Process

Contact the place of purchase or take the product back to the place of purchase. The place of purchase must be an accredited Uniline supplier. Proof of purchase (a copy of the tax receipt detailing the date of the purchase, the product purchased & the place of purchase) from an accredited Uniline reseller is required for all warranty claims. All accredited Uniline resellers can be viewed on the Uniline website.
